TITLE: MILITARY FIRE FIGHTER TRAINEE

- I. OCCUPATIONAL REQUIREMENTS: Employee subject to uncommon tours of duty and rotational shift assignments. May be required to fly in military or civilian aircraft for TDY purposes. May be required to respond to requests for support from civilian fire departments.
- II. INTRODUCTION: This position exists to train employee in the uses and maintenance of specialized firefighting equipment; fire prevention services; and firefighting and crash/rescue procedures and practices at the West Virginia Air National Guard, Yeager Airport, Charleston, WV. Position is 100% federally funded and is considered mission essential. Due to repetitive nature of normal duties, not knowing when emergency situations will arise, normal duties may not be completed at normally scheduled times. Normal duties are to be completed by 1600 hours of that duty day unless otherwise approved by the Assistant Fire Chief. Fire Fighters receive recurring proficiency training as directed by AFMAN 32-2003 and AFI 342-2001/ANG Supp. 1. Various training aids and manuals give fire fighters adequate training. Work assignments are made on a crew basis. Normal assignments are completed by the day of week, i.e., Monday –clean vehicles, Tuesday –bunkroom, etc.
- III. PRINCIPAL DUTIES AND ACCOUNTABILITIES:

Works scheduled 24-hour shifts in a variety of trainee level duties at the fire station and at the scene of an aircraft crash, fire or other emergency.

- a. Reports directly to the Crew Chief, Assistant Chief and/or Fire Chief.
- b. Learns to operate firefighting tools and equipment.
- c. Learns to drive and operate crash/fire rescue vehicles.
- d. Learns to perform inspection and operator maintenance on firefighting vehicles, tools, equipment, protective clothing and station facilities in a safe and efficient manner following prescribed procedures.
- e. Learns to perform maintenance and testing of all building alarm systems and wet and dry pipe sprinkler systems.
- f. Learns to perform overhaul and salvage operations, airfield patrol surveillance, stand-bys and fuel spill cleanup.
- g. Learns to assist in evacuation of personnel from buildings.
- h. Learns to administer emergency first aid if necessary.
- i. Learns to load hose and make hose load finishes.
- j. Learns to perform fire alarm and communication center duties; to alert firefighting personnel and support agencies; to dispatch equipment and inform personnel of location and nature of fires; to direct incoming calls to appropriate personnel and/or take messages.
- k. Learns egress and safety procedures of all assigned military and civilian aircraft.
- l. Learns to operate vehicles and radios around aircraft movement areas.
- m. Participates in all training, classroom and practical, in accordance with current regulations and directives.
- n. Learns to strictly adhere to policies and procedures IAW the operating instructions of this Fire Department, The State of West Virginia regulations and AFI 32-2001/ANG Supp. 1.
- o. Will conduct himself/herself in a professional manner at all times and maintain the proper attitude toward the position at all times. Will be on time for all shifts unless leave has been approved or the Assistant Fire Chief has approved the individual being late. Being late for roll call without approval is considered unsatisfactory performance and will negatively affect the performance rating.

- p. Must acquire a working knowledge of all applicable regulations, directives, operating instructions and standards.
- q. Must acquire a working knowledge of all mission related hazardous materials.
- r. Acquires the ability to make immediate decisions during emergency situations.
- s. Other duties as assigned.

IV. SUPERVISORY CONTROLS

Reports to the Crew Chief or Assistant Crew Chief for crew assignments.

V. QUALIFICATIONS

a. AGE REQUIREMENT:

- 1. Applicant must be at least 18 years of age at time of this announcement.
- 2. Maximum age of 37 at the time of probationary appointment. Industry standard due retirement qualification of age 60.

b. MANDATORY:

- 1. EDUCATION: High school graduation or equivalent.
- 2. EXPERIENCE: None

NOTE: Preference may be shown to applicants who have completed a U.S. Air Force Fire Protection Course and attained the U.S. Air Force AFSC or equivalent OR to applicants who acquired training in firefighting from a qualified school.

- 3. Must submit to and pass, without exception, initial and annual occupational physical examinations in accordance with the current edition of NFPA 1582 (Medical Requirement for Fire Fighters).
- 4. Applicants will receive Psychological evaluations in accordance with the current edition of NFPA 1582 (Medical Requirements for Fire Fighters).
- 5. Must possess and maintain, at all times, a state and government vehicle operator's license. Failure to do so may result in dismissal.
- 6. Must be willing to be tested for communicable diseases and illegal substance consumption. Positive results will result in immediate termination of employment.
- 7. Continued employment is contingent upon completion of U.S. Air Force Fire Protection Apprentice Course.

c. OCCUPATIONAL ASSESSMENT:

CARDIOVASCULAR ASSESSMENT

- 1. 1.5 mile run required to be completed within 13:00 minutes.

OCCUPATIONAL ASSESSMENT

The assessment component requires firefighters to complete ten simulated firefighting task on an obstacle course (circuit) wearing Fitness Clothing with a 50 pound weight vest. In a consecutive manner without stopping. The ten tasks are as follows:

Task 1: One Arm Hose Carry. Carry one 50-ft section of 3-inch hose 100 feet.

Task 2: Ladder Raise. Carry a 12-ft ladder 50 feet and raise it against a wall.

Task 3: *Charged Hose Drag.* Drag a charged 1.5-1 ¾ inch hose 100 feet.

Task 4: *First Ladder Climb.* Climb a 24-ft ladder (10 rungs) three times.

Task 5: *High Volume Hose Pull.* Pull a section of 4.5 or 5-inch hose 100 feet hand over hand.

Task 6: *Forcible Entry.* Move a 225lb tire 12 inches using a 10-lb Sledgehammer.

Task 7: *Victim Drag.* Drag a mannequin weighing 150 pounds 100 feet.

Task 8: *Second Ladder Climb.* Climb a 24-ft ladder (10 rungs) twice.

Task 9: *Ladder Lower.* Lower a 12-ft ladder and carry it a distance of 50 feet.

Task 10: *Spreader Tool Carry.* Carry an 80-lb spreader tool (Hurst Tool) 100 feet.

d. DESIRABLE:

1. Completion of a U.S. Air Force Fire Protection Course and have attained the U.S. Air Force AFSC or equivalent.
2. Advanced training in the various facets of firefighting from a qualified IFSAC accredited school.
